

## Health & Safety Policy Statement

The Company recognises its responsibilities under the Health and Safety at work Act 1974, the Work at Height Regulations 2005 and other relevant safety legislation with regards to its employees and others whom may be affected.

The company will provide such information, training, supervision, plant and equipment as necessary, to identify, eliminate or control hazards and risks at the work place. Adequate resources will be provided for this purpose.

Any company employee who supervises or manages the use of work equipment shall have received adequate training for the purposes of health and safety, including training in the methods that may be adopted when using work equipment, any risks which such may entail and precautions to be taken.

All employees and sub contractors are expected to co-operate with the company in carrying out this policy and must ensure that their own work, so far as is reasonably practical, is carried out without harm to themselves and others.

The company has appointed Mr Colin Jackson as having particular responsibility for Health, Safety and Welfare and to whom reference should be made in the event of any difficulty in the implementation of this policy.

The operation of this policy will be monitored in the form of tool box talks by the management given to staff of the company.

The statement of company policy will be displayed prominently or made available at all sites and workplaces.

In addition, the organisations and arrangements for implementing the policy will also be available at each site and workplace.

A full copy of the policy is held at Unit 1, Tally's Buildings, Lyford, Oxon, OX12 0EQ for reference by any employee as required.

The Policy will be reviewed at least annually or when legislation demands.
